Subject: Request for placement of the student as an intern in your organization.

Dear Sir,

It gives us immense pleasure to let you know that the Green University of Bangladesh (GUB) is offering 4-year Bachelor of Science in Computer Science and Engineering (B.Sc. in CSE) program. As per the requirement of the degree, the students are required to be attached with different organizations as an intern to get the practical experience in computer science and engineering field. It is important to use their theoretical knowledge in the practical field to increase their experience, and also can enhance their ability to meet the need of the job market. During their internship, the students must follow all the rules and regulations of your organization. After the completion of the internship, they will be required to submit reports on their assigned tasks, which will be kept confidential and will be used for academic purpose only. Exact dates, time and duration of the internship program may be set according to your convenience.

This is noteworthy that, at present, there are over 3600+ students in the BSc in CSE program. We are committed to provide quality education so that the employers get competent CSE engineers to meet their demand. Our alumni are working in different public and private organizations, reputed banks, and IT farms.

To fulfil our commitment to the nation, we need your support and cooperation for the following special need student from the department to your esteemed organization.
